

### Why You Shouldn't Buy on the Magnificent Mile

These are some of the shops, and their owners, on the Magnificent Mile, who might be exploiting you--and us. The money you spend on these businesses could be feeding the bank accounts of Rahm Emanuel and Donald Trump--people who have no genuine interest in our well being, and are connected to racist, chauvinistic practices. We urge you to visit these accounts, and demand information about who their funds support.
